

Dear HackerRank Hiring Team,

I am writing to express my interest in the Frontend Engineer position at HackerRank. With a solid background in frontend development and a passion for leveraging technology to accelerate innovation, I am excited about the opportunity to contribute to HackerRank's mission of revolutionizing the developer skills market.

Throughout my career, I have had the privilege of working on diverse projects and collaborating with cross-functional teams to build scalable and user-centric software solutions. My recent roles as a Senior Software Engineer at Ripple Science and Software Developer at Gambyt have equipped me with valuable experience in building robust frontend applications using modern web technologies such as React, Redux, TypeScript, and more.

I am particularly drawn to HackerRank's ethos of "Skills over Pedigree" and its commitment to democratizing access to opportunities for developers worldwide. The chance to be part of a team that is dedicated to empowering developers and reshaping the hiring landscape excites me, and I am eager to contribute my skills and expertise to further HackerRank's mission.

In addition to my technical skills, I bring a strong sense of ownership, attention to detail, and a collaborative mindset to the table. I thrive in dynamic environments where innovation is encouraged, and I am committed to delivering high-quality solutions that exceed expectations.

I am particularly impressed by HackerRank's focus on building an exceptional developer experience and its dedication to setting high standards for frontend engineering. I am excited about the prospect of partnering with product designers and managers to enhance workflows and user experiences, while also mentoring budding engineers and interns to help them grow and succeed.

Thank you for considering my application. I am eager to bring my passion for frontend development, along with my commitment to excellence, to the HackerRank team. I am looking forward to the opportunity to discuss how my background and skills align with the needs of your team further.

Warm regards,

Jose-Antonio D. Rubio
